### Introduction

This funding directory offers a list of 115 grant funding opportunities and 7 Loan funding opportunities, which may be able to help you with funding your net zero carbon project. Please be aware that many of these funders are non-specific, so framing your funding request to meet the requirement of the funder will be essential.

Every funding opportunity listed here should be reviewed prior to application using publicly available information (website etc) followed by (where possible/permitted) a phone call to confirm suitability of project to the funding opportunity.

**For further funding advice please contact the Stewardship Team at Church House contact details [here](#).**

More details on funding environmental projects can be found on the diocesan website [here](#) and the Church of England website [here](#).

## Environment-focussed funders and schemes

---

The following funders, funding programmes and grant schemes have an explicit focus on environmental goals believed to be relevant to church-based net-zero carbon capital projects. If no geographic focus is referenced, the funding opportunity is believed to be accessible across the whole diocese. Those focussed on a specific geographic area are listed by that area at the end of this section.

### B&Q Foundation Grants

### Benefact Trust: Community Impact Grants

Benefact Trust's Community Impact Grants Programme supports projects that will make a positive and transformative impact on lives and communities. This programme empowers Christian organisations across the UK and Ireland, who are doing incredible work tackling major issues in society. At the same time, the Community Impact Grants help churches to grow their congregations and promote the Christian faith. The programme is open to applications from churches, cathedrals, denominational bodies, Christian charities, and schools and educational institutions with a clear Christian ethos. The programme supports direct capital and/or revenue costs, and funding is available under the following programme areas: (1) Growing congregations and Christian communities, (2) Addressing social challenges facing communities, (3) Enabling wider community use of church buildings & (4) Empowering Christian education.

## The Henry Smith Charity: Strengthening Communities

The Strengthening Communities grant programme is designed to support small charitable organisations working at grassroots level. Through this grant programme they want to make sure that funding reaches the most disadvantaged areas of the UK, targeting places that are economically marginalised and affected by poverty. They fund established organisations with a track record of delivering services directly to beneficiaries. They are looking for organisations that are embedded within their communities and are addressing local needs. They want to fund work that enables: -People from across the community to participate in activities which improve connectedness, opportunities and wellbeing -People who are excluded, vulnerable or facing other forms of hardship to have access to community-based services that support positive lasting change -A stronger, active, more engaged community.

## General funders and schemes

---

The following funders, funding programmes and grant schemes have been identified as relevant to church-based capital projects. We believe that these funders have an interest in improvements to churches as community spaces/places of worship in their own right, but will also be receptive to the environmental aims of each project. If no geographic focus is referenced, the funding opportunity is believed to be accessible across the whole diocese. Those focussed on a specific geographic area are listed by that area at the end of this section.

### The 29th May 1961 Charitable Trust

The 29th May 1961 Charitable Trust is a general grant making trust. The policy of the trustees is to support a wide range of charitable organisations across a broad spectrum. Although for disclosure purposes grants are analysed into separate categories, the trustees are interested in funding initiatives which meet their selection criteria regardless of the charitable area into which the grant falls. Grants are made for both capital and revenue purposes. Some grants are one-off, some recurring and others spread over two or three years. The majority of grants are made to organisations within the United Kingdom and preference is given, where possible, to charities operating in the West Midlands and in particular the Coventry and Warwickshire area. The trustees do not typically fund projects outside the UK.

### Benefact Trust: Building Improvement Grants

Benefact Trust's Building Improvement Grants programme provides essential support to protect and enhance churches and Christian charity buildings, ensuring their continued use, viability, and the safeguarding of their heritage. The programme is open to applications from churches, cathedrals, denominational bodies and Christian charities. Under Building Improvement Grants, we are able to support direct capital costs relating to the following types of work: 1) Essential, one-off repairs or other capital works to ensure the continued use or viability of a building (capital work must be considered urgent or necessary within 12 months) 2) Minor capital works or equipment purchases to meet operational or accessibility requirements (e.g. essential operational equipment, AV equipment, hearing loops, ramps, etc) 3) Conservation or restoration of historic features (e.g. stained glass, carvings, interior furnishings, clocks, tower bells, organs etc) which contribute to preservation and appreciation of a building's heritage 4) Other aesthetic enhancements (e.g. interior decoration, furnishings or public realm improvements) to improve indoor or outdoor spaces for users 5) Energy efficiency/renewable energy measures (e.g. heating/lighting upgrades, solar panels, etc) which improve the sustainability of church buildings/facilities and enable their continued use

### Benefact Trust: Heritage Skills for Christian Buildings

Benefact Trust's Heritage Skills for Christian Buildings Grants Programme ensures that heritage skills, which are essential for the conservation of historic Christian buildings, are preserved and promoted through apprenticeships, scholarships and training courses. We support organisations offering such opportunities by providing funding to enable them to train individuals who are pursuing a career within the heritage sector. The grants programme is open for applications from any registered charity offering training in heritage skills, providing they can demonstrate that funding will support skills relevant to the preservation of Christian buildings. This is an evolution of our closed Heritage Grants Programme, which provided funding to key heritage partners to offer training in heritage related skills. Their core criteria -Skills that are likely to be supported through the programme, include: • Stonemasonry • Carpentry/joinery • Heritage plumbing • Heritage electricians • Heritage brick laying • Lime plastering • Thatching • Lead work and glazing

### Benefact Trust: Roof alarm grants

Benefact Trust's Roof Protection Scheme provides grants to help churches install roof alarms in response to the issue of metal theft, which continues to be a very challenging issue across the UK. They have recently extended this scheme until the end of 2023 and increased the amount of funding available, with grants now funding up to 50% of the cost of the alarm, up to a maximum of £2,500. Grants under Benefact Trust's Roof Protection Scheme are made direct to individual churches. They advise that churches apply through one of these group schemes where possible, as some local trusts and dioceses have other funds available to add to the Benefact Trust grant. Please note that you can only apply for a

## The F.E. Cleary Heritage Fund

The Georgian Group administers the F.E. Cleary Heritage Fund, a small charitable trust whose aim is the conservation of Georgian architecture. The Group's Executive Committee act as the Fund's Trustees. Grants are awarded annually to a small number of projects which focus on the repair of Georgian fabric. The maximum grant available to a single project will usually be limited to £2,500 and only in exceptional circumstances might a larger figure be awarded. Applicants are asked to specify the maximum sum they are seeking from the Cleary Fund. As the sums involved are small, the intention is therefore to prime schemes, prompt other sources to make grants and to fund specific elements in larger schemes.

## Friends Of Friendless Churches Limited

The Friends own historic but redundant churches in England and Wales that would otherwise have been demolished or left to fall into ruin. The charity also has at its disposal the Cottam Will Trust which disburses grants for the embellishment of churches in use. They are keen to support this country's long tradition of excellent art in churches. Through the Cottam Will Trust they make grants for new art which furthers religion. This can include, but is not limited to statues, murals, paintings, stained glass, altars and altar frontals. Anyone can apply but we encourage applications from Parochial Church Councils (PCCs), or artists themselves with the backing of the PCC. Grants are normally made for new works of art, but they have funded the purchase of salvaged items.

## Listed Places of Worship Grant Scheme

Grants are available towards the VAT incurred during repairs and maintenance of listed buildings that are used principally as public places of worship, or which are listed places of worship owned by specified organisations that look after redundant places of worship. The scheme applies to listed buildings that are mainly used as a place of public worship.

To be eligible, the place of worship must be listed with the relevant statutory listing agency (Historic England, CADW, Historic Scotland or Northern Ireland Environment Agency). The listing must be in force when the works are undertaken.

In addition, the building must meet one of the following criteria:

- Be used as a place of worship at least six times a year.
- Belong to a monastery, nunnery or other similar establishment.
- Be owned or vested in certain specific organisations which look after redundant churches. These are the Historic Chapels Trust, the Friends of Friendless Churches, the Scottish Redundant Churches Trust, the Churches Conservation Trust and the Welsh Religious Buildings Trust.

The scheme covers only formally constituted religious organisations. Applicants will be asked to certify that the religious organisation the place of worship serves:

- Has charitable status, or is recognised as a charity by HMRC.
- Is covered by a parochial church council or equivalent.

If neither of these applies, applicants will be asked to provide a copy of their constitution.

The DCMS will also consider applications from other religious or charitable groups caring for redundant places of worship. These groups will need to demonstrate that their principal or primary purpose is to conserve, repair and maintain redundant listed places of worship which are not in private ownership.
