25/26**

Thank you

I want to express my deepest thanks for your dedication, resilience, and leadership in these ever-changing times. With a new government, evolving Ofsted expectations, and financial pressures, we recognise the increasing challenges schools face. Now, more than ever, strong partnerships and shared support are vital.

The Enhanced Service Plan (ESP) is built on that principle—offering high-quality, bespoke support from a team of experienced former school leaders. We are proud that 99% of our church schools, along with a growing number of community schools, have chosen to be part of this shared commitment. Your engagement strengthens not only your own school but the wider family of church schools.

Because so many of you invest in the ESP, we are able to provide additional support at times of greatest need, ensuring no school is left without help during its most challenging moments. Whether facing an unexpected inspection, leadership transition, or times of crisis, our model enables us to be responsive and flexible, working for the greater good of all our schools.

As we continue to walk alongside you, we remain committed to keeping our support as affordable as possible, with some prices frozen despite rising external costs, so that every school can access the support it needs. I encourage you to explore this brochure, reach out with feedback and continue this journey with us. Together, we can ensure every child and adult in our care truly flourishes.

With gratitude and best wishes,

Simone Bennett
Director of Education

External Reviews

We provide a range of focused comprehensive reviews. These are always aimed at finding and celebrating the strengths of the school, whilst also identifying the next steps on your school's improvement journey. They provide a useful external view of what happens in school. All of our reviews include verbal feedback and a written report.

SIAMS Review

A focussed look at the school through the lens of the SIAMS inspection framework. A useful health check between inspections.

Religious Education Review

An in-depth look at provision for religious education across the school, its impact and how well the school meets the requirements of the Statement of Entitlement for RE.

Collective Worship Review

A focussed look at the impact of collective worship on pupils and adults, how this is a result of the provision for collective worship and an outworking of the school vision.

Vulnerable Pupils Review

An evaluative review of how the school prioritises the needs of the vulnerable as well as the existing provisions for disadvantaged pupils.

Leadership and Management Review

A focussed look at leadership at all levels across the school. We will explore whether there is clear ambition set from the top and if it is supported by systems and processes.

Teaching and Learning Review

A focussed look to see if there is effective and consistent pedagogical practice across the school and the effect this is having on how well pupils learn.

Wellbeing Audit

We also offer a wellbeing audit for schools. This is a scheduled half-day visit with your named adviser. This will involve discussions with leaders at all levels, staff, parents and children. It is designed to road test your school's own approach to supporting wellbeing. It provides a useful external lens in ensuring that you are achieving what you set out to do.

Schools in the ESP can use their allocated time for reviews or buy additional time at a bespoke rate. All our external reviews take a full day.

Headteacher Appraisal

Over a third of schools that engage with us now choose our Headteacher Appraisal Service—a testament to its value in supporting both school improvement and leadership wellbeing. Conducted by our team of experienced former headteachers, this service provides expert, impartial guidance to ensure appraisal targets are clear, strategic, and achievable.

More than just a compliance exercise, our approach recognises that effective leadership is key to school success. We work with governors to ensure the process is rigorous yet supportive, focusing not only on school development but also on the wellbeing and sustainability of headteachers in an increasingly demanding role.

Our service includes:

- ✓ Attendance at the appraisal meeting
- ✓ Skilled facilitation of the process
- ✓ Guidance materials for governors
- ✓ A full written statement summarising the appraisal
- ✓ Ongoing email and phone support

With deep knowledge of school leadership and the evolving educational landscape, our team brings insight, experience, and care to every review. Join the growing number of schools benefitting from this essential service—because strong leadership drives strong schools.

“The process never feels rushed, there is always useful discussion and our advisers have always provided some great insights from their wider experience across lots of other schools within the diocese. The approach feels holistic, about the HT as a person, not just their role as HT. We always feel that there is a great deal of care taken and the whole process enjoyable - it is also great value for money!”

Supporting Leaders at Every Stage

Great leadership doesn't happen by chance—it develops through expert support, structured growth, and real-world experience. Our Career Pathways Programme is designed to nurture school leaders at every stage, equipping them with the skills, confidence, and vision to excel.

Unlike external qualifications such as NPQs, our Pathways Programme is tailored to the distinctiveness of Church school leadership, offering hands-on, practical development that makes an immediate impact.

Tailored Development for Every Stage of Leadership

- **Teachers' Pathway** – Focusing on pedagogy, classroom management and improving outcomes. This is delivered to a whole staff team through a series of staff meetings to ensure consistency and professional growth for all. Costs vary by size of school, ask your adviser for details.
- **Subject Leaders' Pathway** (£169)* – A one-term course designed to enhance subject leadership, curriculum impact, and accountability.
- **Deputy Headteacher Pathway** (£495)* – A one-year programme that strengthens leadership knowledge and skills, preparing deputies for the next step in their careers.
- **Headteacher Pathway** (£495)* – A one-year programme for headteachers in years two to five, focusing on deepening leadership impact and sustaining success.
- **Experienced Headteacher Pathway** (£495)* – A one-year programme for leaders with five or more years of headship, designed to replenish, sustain, and inspire experienced school leaders.

“I would describe the pathway as an essential part of CPD for a school leader. Against a backdrop of NPQs which are often content and context focused this course provides the opportunity to reflect upon yourself and your practice as a leader in manageable but purposeful chunks. I would highly recommend this course to anyone seeking leadership within a school setting.”

SIAMS Inspection Questions Unpicked

Expert-Led Inspection Preparation for Church Schools

With the latest SIAMS framework placing a strong emphasis on theological and reflective leadership, schools need a clear understanding of the inspection questions (IQs) and how they apply in practice. Our **SIAMS IQs Unpicked** course is designed to guide school teams through each inspection question, helping them evaluate, strengthen, and evidence their distinctiveness as a Church school.

Led by our experienced advisers—who are all serving SIAMS inspectors—this course provides expert insights, practical guidance, and structured reflection to ensure your school is well-prepared.

How It Works

- **Six Virtual Sessions** – Each session focuses on a single SIAMS inspection question (IQ).
- **Training Input** – A 30-45 minute expert-led session unpacks the question and key expectations.
- **Self-Review Activities** – Two reflection tasks allow school teams to assess and develop their own practices.

Flexible Delivery – Sessions are designed to fit into staff meetings, SLT discussions, or even governor training.

Prepare with confidence and clarity - we advise schools that are at the mid-point between inspections to consider this course or a full SIAMS Review.

“Clear, precise and good use of time to allow staff to follow up as part of the staff meeting time.”
